Pathfinder

Embroidery Machine

8" x 12" Embroidery Field

There's plenty of room for your embroidery designs, and you'll enjoy less re-hooping, too!

7" LCD Color Touchscreen

The large, color LCD vividly displays embroidery designs, and makes it easy to change your machine settings.

NeverMiss™ Automatic Needle Threader

The NeverMiss Needle Threader does exactly what it promises – it threads your needle with little more than the push of a button.

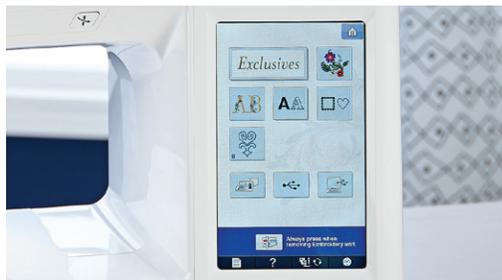

Needle Beam

Know exactly where the needle will drop, every time with a brilliant LED pointer on the included embroidery foot. There's no more guesswork.

Sensor Pen for Embroidery

Use the Sensor Pen to assign the design positioning and placement. Simply touch the fabric with the Sensor Pen and the Pathfinder knows where to place the design.

263 Built-In Embroidery Designs

You'll always have something to embroider with Pathfinder's selection of built-in designs. The library features large thumbnails to make finding the right match even easier.
