# vibrant

This is it: the place where serging begins, and it leads you and your sewing skills to a dynamic future. Vibrant is the perfect introduction to the art and craft of serging, especially for garment sewers who want truly finished edges. With Vibrant, serging isn't scary – it's genuinely exciting!

**4/3/2 Thread Serging** - Finish all your projects with quality and versatility - easily switch from 4-thread, 3-thread, 2-thread and rolled hemming for a different look and finish every time.

**Easy Color-Coded Threading** - New to serging? Don't be afraid! Following Vibrant's color-coded thread system, you'll have your serger threaded in no time at all!

**Trim Bin** - What mess? Attach this handy bin to the front of the Vibrant and those loose threads and scraps are caught right up as they fall.

**Differential Feed** - Want to add gathers to your next project? Vibrant's differential feed allows you to increase or decrease the fullness in the fabric, making sewing easier on tricky fabrics.

**Retractable Thread Cutter with Push Lever** - Forget fumbling with scissors, Vibrant features a thread cutter that pops up with just a quick push.

**Lay-In Tensions** - Use Vibrant's easily adjustable tension settings for a truly balanced stitch every time you serge.
