

Accolade

8-Thread Serger

Bring a new sense of creative capability to your serging with the Baby Lock Accolade. Combine chain and overlock stitches to form stitches with up to eight threads. ExtraordinAir® threading takes your thread through all three loopers at once, instantly, with a gust of air. Plus, Accolade's presser foot features a 6mm height that makes serging on thicker fabrics a breeze!

FOR THE LOVE OF SEWING

THE FOREMOST NAME IN HOME SERGING

The First

In 1967 the Baby Lock EF-205 gave home sewers the opportunity to finish garments like a professional manufacturer.

Support

With unsurpassed features, education, and support, there truly is no substitute for a Baby Lock serger.

Our Patents

Baby Lock has continued to revolutionize sergers. Today Baby Lock has numerous patents to its name.

Retailer Network

The Baby Lock Retailer Network is dedicated to sewing enthusiasts just like you — they'll always go the extra mile!

ExtraordinAir® Threading

With just a gust of air, ExtraordinAir instantly takes thread through all loopers. Threading has never been this fast, easy or extraordinary!

Automatic Thread Delivery™ System

Set the Accolade to the type of stitch you want and get started! The Accolade delivers a balanced stitch on any fabric with any type of thread.

Pure Lighting with 3 LED Lights

Clearly see every stitch, fabric and thread color under three bright LED lights.

Adjustable Presser Foot Height up to 6mm

Accolade features a higher presser foot height to effortlessly handle thicker and loftier fabric.

8/7/6 Thread Stitch Capacity

With eight threads, the Accolade gives you 87 stitch combinations. Plus, you can combine overlocking and cover stitching in the same operation.

Exclusive Wave Stitch

The Wave Stitch opens your world to more decorative stitches for more creativity. Try different thread colors and stitch widths to easily serge a one-of-a-kind creation.

Full Featured Single Unit Differential Feed

We've taken the differential feed to a new level by adding a single-unit feed dog mechanism. This ensures stronger feeding as well as consistent gathering on all fabrics.

Tubular Loopers

There's no exposed thread, no thread guides and you can thread in any order! Tubular loopers eliminate threading mistakes and protect the thread for more serging freedom.

Looper Drive System

This exclusive Looper Drive System prevents loopers from becoming misaligned or out of time, reducing the possibility of major looper damage. This protects your machine from needing repairs, allowing you to serge worry free!

Cover Stitch Chaining Off

Baby Lock has made cover stitching easy to start or stop by automatically chaining off the cover stitch. What's more, the Accolade sews through heavier fabrics better than most cover stitch machines.

Advanced Knife Driving and One-Way Clutch System

Baby Lock has created a knife system with a larger cutting bite that cuts thicker fabric with ease and increased visibility.

Vertical Needle Penetration

While some machines use slanted needles that push and damage fabric, the Accolade's needles are set vertically and sew directly up and down, protecting your fabric and preventing needle deflection.

Dial Adjustable Stitch Length and Automatic Rolled Hem

Stitch length can be easily adjusted on a Baby Lock serger using one dial. This dial includes an Automatic Rolled Hem setting that will retract the built-in stitch width finger for a rolled hem finish.

Fabric Support System

The Fabric Support System keeps stitches flat and balanced, no matter what speed, fabric or stitch you choose. The built-in stitch fingers actually move with the knife blade, adjusting the seam concurrently with the cutting width.

Chain/Cover Tension Disks

Functions include chain, cover, and triple cover stitches. All three cover needles are controlled by one tension dial, so you can save time with one simple adjustment.

Optional Accessories

Koala Serger Station

The Serger Station comes with a built-in thread catcher and a special section for storing extra thread and notions. Like other Koala Studios furniture, it is custom made for you. Spacious 36" x 25-1/2" work surface and 30" high.
